Edward C

mid Automation QA Engineer – ProtractorJS and JavaScript

Cluj Napoca, Romania | contact phone: +4 **0728 787 372** | email: ed@thisqa.com

About me, short introduction:

I am an automation QA Testing Engineer, with an amazing passion for JavaScript and always looking for new ways to improve my skills and my knowledge.

- 2+ years experience with **automated testing using ProtractorJS**, Selenium WebDriver, Appium, headless testing and various JavaScript automation tools for web apps.

- **I** speak JavaScript, **love testing and passionately believe in maximum automated QA**, Agile development, and **delivering features early and as often as possible**.

- Extremely self-driven, hard working with extensive QA testing knowledge, and **always looking to challenge and be challenged to do and get better** at what I do.

Education

- Technical University Of Cluj Napoca, never graduated due personal reasons
- 2014, Azimut Vision, earned Front-End development certificate
- 2014, Internship Ulma Packaging SRL
- 2015, Transilvania, PHP Internship
- 2015, FreeCodeCamp, JavaScript challenges
- 2017, Attended, and completed various JavaScript development online courses

Personal Skills

Languages:

English, Romanian – native

French, - beginner

Communication Skills:

Through Red Cross I managed to interact with people that had medical issues and because of this people were seeking comfort and we worked together to bend understand and solve their medical problems. Very good communication skills, experience gained through customer support and volunteering as part of my job I worked with people around the world. That implies that they had different needs and I had to understand and accomplish those needs.

Organizational / managerial skills:

- managed teams up to 12 people trough various freelance gigs.

-managed and organized "Ubuntu Global Jam, 2013 edition)

Job Related Skills:

- I can manage deadlines perfectly, stressful conditions don't affect me.

- Working on multiple projects simultaneously. For example, having a job and volunteering in the same period of time was easy to accomplish for me.
